

Kiss Me: A Duet #1: The Kiss Me Series, Book 3

A fifth-year surgical resident who only has time for her new career... A talented heart surgeon who's just returned from Doctors Without Borders and wants to make time for romance... A relationship that can't possibly get off the ground...or can it? Quinn Ross has only a couple of months left of her residency in Houston before she takes her boards and joins a prestigious heart surgeon in Dallas. When she gets a serious case of pneumonia and becomes a patient herself, she meets Dr. Roman Burke. Roman found his love in Doctors Without Borders and made a career out of helping those less fortunate, especially small children in places like Haiti. Roman hid his heart under a magnificent tattoo for a very private reason and when Quinn thinks she's found the reason...she's misled and very wrong, making a wild move which leaves her feelings and her heart locked away. Can they find their way back to each other?
