

Under the Sassafras (A Bon Amie Novel) (Volume 1)

Nestled between the Atchafalaya Basin and Sugar Island lies Bon Amie, a friendly, quiet town, where nothing exciting ever happens. Until Joelette Benoit's two sons find a man washed up in the murky water at the edge of the swamp. Joelette Benoit, a widowed single mother, has sworn to never believe the promises of another sweet talking man. Fiercely independent and determined, she's hidden away her heart, while struggling to provide for her two sons and lively mother-in-law. She swears the stranger will stay one night, and one night only, until she discovers he has no memory. Now duty-bound to aid him, Joelette decides to offer him a place to heal in exchange for his labor. Against the colorful backdrop of life on the bayou, she watches as he immerses himself not only in her family but also in her town. She can do little to prevent her sons from bonding with the only man they've come to trust since the death of their father. Though she, too, is drawn to his kindness and vulnerability, she will not risk the heart of her family because without a past, this man cannot promise a future. But when his memory returns and he realizes he has blood on his hands, he knows he has unfinished business to attend to before he can claim the family he has grown to love.

This book was very enjoyable and had a sweet romance. I especially loved Joelette's sons - they were the humor and heart of the story. If you're looking for an alternate version, ads are annoying and nobody clicks on them anyway. Under the Sassafras (A Bon Amie Novel) (Volume 1) by Hattie Mae pdf eBook.
