Two people learn what it really means to give up control in the sizzling new novel from the author of *Blush* and *Surrender to Temptation*. When business mogul Elijah Masterson travels to the Mexican coast for his chain of luxury resorts, he purchases an emerald green glass sculpture for one of the properties. He is soon fascinated by the fiery temptress who created it. The attraction between them is instant and explosive, but Elijah resists, unsure that a woman as strong-willed as Samantha would ever yield in the way he needs her to. Headstrong glass artist Samantha Collins hides a secret desire to submit to the right man. Samantha sees everything she wants in Elijah, but apart from one steamy night, he seems determined to keep his distance. She has always held back, but refusing to let go now that she's found the dominant man she's always wanted, Samantha makes Elijah an offer he can't refuse: a month of absolute submission. But after a month of incredible passion, will either of them be able to walk away?
