FREE for Kindle Unlimited Members
Angel lives in a world of supernatural beings and other immortals that she would rather be rid of. She spends every waking moment chasing them, capturing them on her Nikon camera, hoping to expose them and banish them from her city altogether. But that is a feat she is finding most difficult to achieve. Under the guidance and pressure of Kaelyn, her best friend, she takes a break from her usual night life to unwind. Little did she suspect the stranger she was bound to meet that would not only distract her from her former life, but give her a whole new one that was sure to blow her mind. Love comes wrapped in unusual packages as Angel was destined to find out.
