\*\*\*UPDATED & REVISED VERSION\*\*\* Sometimes love can turn ugly. Sometimes love can hurt. Sometimes the best thing to do is escape! Leaving everything behind Izzy Parker survived the hell that had been her life. Driving as far west as she could, to get away from her evil past she ended up in Washington State. Izzys new life is turned upside down when she meets her Harley-riding neighbor Braxton Ryles. Larger than life Braxton is a biker with a mouth to go with it. Owning his own shop, he controls most things in his life. Living and loving hard, the only thing that means anything to him is his daughter Eve. Upon hearing they had a new neighbor move in, his curiosity gets the better of him when his daughter wont stop talking about her. The instant their eyes meet, chemistry takes over and ignites into an inferno of lust. His sense of humor and her blushing tendencies seem to sizzle whenever they are together. The only problem is they both have troubled pasts, evil exs that want to rip their new found happiness apart. One-ex wants revenge; the other seeks vengeance. What happens when their new found love collides with the ones who threaten to take it all away? Can love survive? Or will their pasts burn their dreams of a future to ashes? Love will be tested, hearts will break, and the horrors of the past will reveal a secret Izzy is desperate to keep hidden. \*Intended for mature audiences\*
