

Fireseed One (A Fireseed novel Book 1)

What if only your very worst enemy could help you save the world? Fireseed One, a futuristic YA thriller, is set on a near-future earth with soaring heat, toxic waters, tricked-out amphibious vehicles, ice-themed dance clubs and fish that grow up on vines. Varik Teitur inherits a vast sea farm after the mysterious drowning of his marine biologist father. When Marisa Baron, a beautiful and shrewd terrorist, who knows way too much about Varik's father's work, tries to steal seed disks from the world's food bank, Varik is forced to put his dreams of becoming a doctor on hold and venture with her, into a hot zone teeming with treacherous nomads and a Fireseed cult who worships his dead father, in order to search for Fireseed, a seemingly magical hybrid plant that may not even exist. Fans of Divergent will likely enjoy this as well as those who like romance with their page-turners. ***Indie Reader notable & YA finalist in sci-fi & YA in USA News International Book Awards*** Includes discussion questions for book club or classroom. Readers say: 5-stars from: Parafantasy: Amazing world-building and romance, extremely clever plot! Magick Pen: Sweet romance in this action adventure. Electrifying Reviews: Emotional thrill ride! Indie Ereader: Three-dimensional, vivid, fresh. So full of startling ideas I couldn't stop reading. Recommended for fans of sci-fi, thrillers or anyone looking for a story full of big surprises. - Amy Kathleen Ryan, author of The Sky Chasers series Extraordinary thriller with a fascinating setting and rich, engaging characters. - Katia Lief, international bestselling author of You Are Next and Soul Catcher Stine's uncanny world building is both horrifying and hilarious. - reader review
