Set two years after we left Devi and Seth in My Misery Muse, comes Faith where Drake Porter and Mags Sands story unfolds. Mags is a single mother, running her own business trying to make ends meet. When both finally take a vacation with family and friends, they are forced to finally admit, at least to themselves, that they have feelings for each other. When they go home, they find it even more difficult to put the past in the past and maintain a relationship strong enough to face the challenges ahead. Follow along as they try to make a relationship work while fighting demons of their own, through circumstances not of their making, and with family and friends trying to help
