On top of everything else, she seems to have developed some odd physical symptoms that she cannot explain. However, their current relationship is hard to keep on track with so many murders being committed around them. Juliana Trudeau is the best friend of the last victim, Nanette Marchand, and she is in danger. Her new man fits all of the same criteria as the rest of the murderers but she cannot seem to see it. When she goes to see Raven for a reading, she gets a dire warning instead. Raven sees that Julianas life is in danger and that she will be the next victim unless she takes some immediate precautions. There may be a lot of things going on with and around, Raven but there are still a couple more shocks for her before it is over. A stunning secret is revealed that might change her life, or she might just decide to leave everything and everyone behind. Love with Viktor has been all she ever hoped to have in a relationship. can just live long enough to enjoy it.

Interview with the Author: Q So, what makes the Remembering Raven series special? A Its a mixture of things, actually. When I started writing these books, I wanted to create a series of books that I would love to read. I love paranormal romances and vampire love stories, but I also love books with some action and a strong female character. I tried to roll of these interests into one series. The Remembering Raven books are a mix of romance, sex, longing, occult, and mystery. I also tried to create some really memorable supporting characters too, that I hope readers will enjoy. Q What order should I read the books in? A If you want to read the series in order, Id suggest the following sequence: - Cheyenne (Book 1) - Always Mine (Prequel although this can be read at anytime) - Sabine (Book 2) - Allegra (Book 3) - Nanette (Book 4) - Juliana (Book 5) Thanks for reading!
