Help Me Angels? (Book 3) recounts 12 inspirational real life S.O.S. angel stories. These stories give a sense of hope, often when all hope seems lost, that miracles can and do happen to ordinary people in everyday situations. These angel stories, selected from all corners of the globe, are peoples personal accounts of their very own miracles encountered in their lives, at a time when things have taken a turn for the worse. Their words show that you dont have to be a saint, or even vaguely religious in order to call on your guardian angel for assistance. Throughout time it has been recorded on numerous occasions, that we ALL have our very own guardian angel, assigned to stay and journey with us throughout the course of our lives. Our angels have our best interests at heart at all times, but usually will not intervene with our own free will unless we specifically ask for their help. The one exception to this rule seems to be if we face some kind of extreme danger. On such an occasion an angel might step in and intervene. There are times in all of our lives when we may feel alone, irrespective of the crowds of people around us, and the knowledge that we do indeed have our very own guardian angel to call upon can be a tremendous source of comfort, even to the most world-weary individual. 12 Angel Stories: No Chance of Recovery Saved by a Push and an Angel Between Life and Death in the Himalayas Help in Honolulu Saved in Battle Angels Love Bikers Too Angelic Help for an Alcoholic Did an Angel Help this Woman Defeat a Strange Phobia?
