

Death. Destruction. Rage. Layla moved a thousand miles to escape the brutality and vengeance of the club. Of the man who stole her heart. But she was forged in the club and she will never be as free as she believed... When her brother is murdered, death brings her right back into the clutches of the club - and under the watchful eye of Cullen Rage McFadden, her first love. Cullen Rage McFadden wants vengeance for his best friends murder more than anything in the world. The only thing that could distract him is Layla. Loving her has never brought him anything but pain. She could be his undoing, but he doesn't care. He has to have her. Can Layla resist the temptation he represents, or will he drag her down into his world one more time? Note: This is a dark and gritty MC romance. It is a stand alone title with no cliffhanger and a HEA ending in a series. There is some violence and adult content.
