

Selena: A Werewolf Alpha Male Romance (Alaskan Alpha, Book 1) Selena Ortiz is a twenty-seven-year-old woman making her way to the top of a man's business in a man's world. She lives in a posh Manhattan apartment and works in a towering Manhattan building. She has a boyfriend she loves assumes she will end up marrying. Things in Selena's world are good until suddenly...they aren't. Her boss tells her that she's being transferred to Alaska. She has to leave in a matter of days, and she'll be expected to live there. The only thing that Selena knows about Alaska is that it's cold and it's desolate. She doesn't want to go, but unless she wants to lose her job, she has no choice. Selena says good-bye to her boyfriend and her family and she gets on a plane, having no idea what she is getting into. She's picked up at the airport and taken to a strange little town that is inhabited by people unlike any she has ever met before. Most especially Conner. He's the man whose business is being destroyed by her company, and he's not happy that she's there. Handsome, brash, rude...Conner is everything Selena dislikes in a man...Or so she thought. *** Genre: Werewolf Alpha Male Romance, length: 10,210 words.
