

Apocalyptic storms have reshaped the Earth, forcing people to seek refuge from the newly imposed monarchy run by The Rosen Family. After a chance meeting with the Prince, Sara is forced to live separated from her family, inside the castle with The Rosen Family. Armed with powers she does not know she possesses, and bearing a mystical tattoo on her shoulder, Sara learns her dark dreams are hauntingly real premonitions. Determined to figure out what is true, what is real, and if magic exists again, she must navigate through the lies and deception, while she explores the question of love. Could her first love be her true love? Or will his Jekyll and Hyde personality push her away? Join the 19-year-old Sara in this sci-fi, futuristic, romantic fantasy... in the name of love, loss, and magic.
