When he is caught by a rogue band of Relians and suffers a concussion that prevents his ability to communicate on the Shengari, his hopes for rescue or escape dwindle. Lara Blain was an Iraq veteran with a bad case of PTSD and even worse luck. She didn't expect to rescue the strange-eyed man who set her emotions on edge when she stumbled upon a group of strangers interrupting the peace and quiet of her mountains. On the run and looking for his people, Lara is confident that she can keep the man alive. That is, until the dark ones are sent to recapture them. It will take every skill she's ever learned to stay alive as she fights an enemy she can't see and feelings for a man she thinks she doesn't know.
