

The Infatuations (Vintage International)

A New York Times Book Review Notable Book, NPR Great Reads, and Onion A.V. Club Best Book of 2013 Each day before work Maria Dolz stops at the same cafe. There she finds herself drawn to a couple who is also there every morning. Observing their seemingly perfect life helps her escape the listlessness of her own. But when the man is brutally murdered and Maria approaches the widow to offer her condolences, what began as mere observation turns into an increasingly complicated entanglement. Invited into the widows home, she meets--and falls in love with--a man who sheds disturbing new light on the crime. As Maria recounts this story, we are given a murder mystery brilliantly encased in a metaphysical enquiry, a novel that grapples with questions of love and death, chance and coincidence, and above all, with the slippery essence of the truth and how it is told.
