

Around her college campus, math genius Nicole is known as the crazy vampire girl because of an embarrassing youtube video where she pretended to be taken by a vampire. She's fantasized about vampires since she was a teenager, but she tries to pretend that she's over it now. She didn't believe vampires really existed, though. Until now. All that she is expecting to happen is studying with her equally smart and bubbly friend Christina at the coffee shop, but it starts to go wrong when the lights of the coffee shop go out. In the dark, Nicole thinks she sees a mysterious stranger but convinces herself it's nothing more than a figment of her imagination. Her instincts are more correct than she thought. When the two college women go outside they find a hungry vampire has set a trap for them. John wants them. He's tired of his lonely, isolated existence as a vampire on his own. He saw the video of Nicole and has been following her for weeks. Her blond friend looks like a tasty treat as well. But his morals won't allow him to take an unwilling donor, so he brings them back to his mansion to give them both time to decide. Will Nicole and Christina each choose to become his? Or will they resist this vampire's charm and leave him for good? Warning! This ebook contains explicit scenes of passion and desire. For adult eyes only!!
